Following luncheon served by Mrs. Wood, the group planned the 1955-56 monthly programs, to follow the theme for the year, "Teamwork Does It."

Car Dealer Tells 200% Sales Boost

National figures submitted this week indicate the Pontiac Twins have made the greatest increase in sales over the same period last year of any dealer in Southern California, reported twin owners Richard and Robert Greenwood, of Twin Pontiac, 505 Pacific Coast Hwy., Hermosa Beach, Calif.

With special selling devices being employed, that is, any new Pontiac for \$100 less than the price of any Ford, Chevrolet or Plymouth, the Twins showed nearly a 200 per cent increase over the previous year.

The twins attribute this influx in Pontiacs being sold in the area to the fact that "We're not making a great profit on each car sold, but we're doing our best to make friends and meet new people each day."—Adv.

Seek Bids For Storm Drains Here

County board of supervisors this week approved final plans and specifications for the Arlington-Glenburn bond issue storm drain in the City of Torrance and issued a call for construction bids, Supervisor Kenneth Hahn reported today.

Bids will be opened on Friday, September 2, Supervisor Hahn said, and actual construction should begin during September.

Allocated \$362,600 in bond issue money, the drain will be built in two sections—one along Arlington from Redondo Beach boulevard to Dominguez channel; the other along Glenburn from 175th street to the channel.

The project, which will provide drainage to a large area of North Torrance, will take approximately seven months to build, Supervisor Hahn said.

Under terms of the plans and specifications, the contractor will be required to insure continuous operation of sanitary sewers, and to arrange his working schedule to keep roads open as much as possible.

Supervisor Hahn pointed out that all bond issue storm drains are regional in character. Maximum efficiency of these drains can be attained by the local communities affected by construction of the necessary auxiliary laterals.

Hollywood Riviera Rotary Club will be chartered on August 9, at the San Pedro Hacienda Hotel.

The latest news in easier ironing

HOOVER Steam or Dry IRON

Switch up, it's a STEAM iron
Switch down, it's a DRY iron

A few of its many features:
Instant change-over, dry to steam, steam to dry at the flick of a switch. Big safety-set dial (with more fabric settings than any other iron) ends guesswork. Comfortable Koolzone handle. New steam principle (water turned to steam a drop at a time)—never any buildup of pressure. Even-heat soleplate.
